Hospital Survey results released

The results of the 3rd HCMS Physicians' Hospital Survey identified "management actions show patient safety is a top priority" is one of the issues that have the greatest impact on physician overall satisfaction with the hospital. The question received the highest composite score and had one of the highest overall statistically significant increases from 2017 to 2018. HCMS goal of improving patient care is being met. Only two more *First Tuesdays*

There are only two more *First Tuesdays*; April 2 and May 7. Make sure your voice is heard by Texas state legislators. On the first Tuesday of every month, physicians from across the state will converge in Austin to meet with their representatives to discuss the challenges physicians face today. Be part of the White Coat Invasion! [Click here](#) to register.
